HARD FOUGHT HALLELUJAH
Message Series

The Struggle for a Personal Faith
For the week of May 4, 2025

1. Share a time when you faced a difficult decision and how you navigated it. What was the outcome?

Today we are looking at Jacob's life and how he had lots of options, but didn't always honor God with them.

2. In **Genesis 28:10-15**, Jacob gets a dream from God. How does this dream shape his journey?
3. We see Jacob go on to continue to deceive others and get deceived himself. How does deception impact our decision making?
4. Neither Jacob nor Laban had integrity while working with one another, and we can probably assume they didn't have integrity in other business dealing as well. How does having integrity change your life?
5. We can understand that Jacob was living in a different culture than us, but his marriages were still messy and not God's best. How does God redeem their messy story?
6. How has God redeemed your messy past? Are you in the middle of a story that you're still waiting to be redeemed?
7. This week we were challenged to ask ourselves, "What is one decision that I can make today to honor God?" Have you done that? What has happened?

Close your time praying and encouraging one another to make God-honoring decisions.
